MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation with Congressman Moorhead

I called Congressman Moorhead today and referred to Mr. Jack Anderson's column of January 21, saying that I merely wanted to assure the Congressman that I did not lie to him during my testimony last summer. The Congressman said that he had not seen the column. He assured me he had not spoken to Anderson, and I said I had no question about that. I ended by saying I was available for any further discussion if the Congressman desired it after having read the column.
